## 2.0 PART TWO – ORGANISATION AND RESPONSIBILITIES

2.1 The responsibilities of the Council and Education Service are set out in both the Council Health and Safety Policy and the Education Service Health and Safety Policy. Specific health and safety responsibilities of School Governors and Headteachers are referenced in 2.11 of the Council Policy and 4.3b and 4.3c respectively of the Education Service Policy.

The Health and Safety at Work etc. Act 1974 places overall responsibility for health and safety with the employer. The legal status of 'employer' varies with the type of school.

- For community schools, community special schools, voluntary controlled schools, maintained nursery schools and pupil referral units, the employer is the Local Authority (LA).
- For foundation schools, foundation special schools and voluntary aided schools, the employer is usually the governing body.
- For independent schools, the employer is usually the Governing Body or proprietor.
- In Voluntary Aided Schools, Governing bodies are the employer and consequently have a legal obligation to produce their own Health and Safety Policy and comply with all relevant health and safety legislation.

An organisation chart for the School, and the health and safety responsibilities of School staff and the Governing Body is detailed below. For specific health and safety responsibilities of identified staff please refer to Part Three - Arrangements and Procedures.

### Organisation Chart

Deputy Headteacher: Mr Iolo Williams

Nominated governor for H&S: Mrs Arran Dallimore

Estates manager: Mr Richard Morgan

H&S support: Mrs Lynda Pennar/ Mrs Elaine Robinson

## 2.2 Education Service Responsibilities

2.2.1 Section 197 of the Education Act 2002 (Wales) enables the LA to form an agreement providing a formal legal basis that makes clear how the authority and the governing body of a school will discharge their respective statutory functions on specific matters, including health and safety. To ensure schools, regardless of their type, have a consistent and appropriate understanding of their health and safety responsibilities, each school is required by the LA to adopt the Education Maintained Schools Partnership Agreement. In signing the Agreement, the governing body acknowledges the school's legal responsibility and a defined number of actions to ensure legal compliance.

2.2.2 Each school is expected to produce and review a local Health and Safety Policy that is consistent with the Policy of the Education Service.

2.2.3 The LA must provide health and safety guidance to those schools and services where it is the employer. It must ensure that staff are trained in their health and safety responsibilities as employees and that those who are delegated health and safety tasks (such as risk assessment) are competent to carry them out. If a LA risk assessment shows that training is needed, the LA must make sure that this takes place.

2.2.4 Education employers have duties to ensure, so far as is reasonably practicable:

- The health, safety and welfare of teachers and other education staff;
- The health and safety of pupils in school and on off-site visits;
- The health and safety of visitors.

- Have in place a health and safety policy for the school that complies with legislation and follows guidance provided by the authority
- Monitor the operation of the policy and procedures;
- Be responsible for developing and allocating resources to ensure effective management of health and safety;
- Ensure health and safety is an integral part of management practices;
- Monitor management practices;
- Ensure that appropriate action is taken to address any shortcomings in any aspect concerning health and safety;
- Work with recognised trade unions to secure the health and safety of staff; and
- Contribute as appropriate to consultation on health and safety issues.

2.3.2 In schools with delegated budgets, if the Governing Body fails to carry out essential work for which it is responsible to ensure the Health and Safety of its staff, pupils and other people using the site, the Education Service, after consultation with the Headteacher, can carry out essential work and charge it to the school's budget.

2.3.3 To support the Governing Body with its health and safety functions, a training programme for Health and Safety Governors has been established.

The Governor who has been nominated to act as Health and Safety Governor in Ysgol Mynydd Bychan is Dr Andrew Connell. This Governor will not be any more responsible for health and safety within the school than any other Governor. She will have no personal decision-making powers in relation to health and safety. However, she will:-

- Take a special interest in health and safety, checking that the Governing Body is meeting its objectives, and pointing out the health and safety implications of other actions under consideration.

- Support the Headteacher/Health and Safety Coordinator, as well as other members of staff, in the strategic management of health and safety.

### 3.85 Contractors

All contractors must sign the Visitors Book located in the Main Entrance on arrival, and departure from the school. The school will provide the contractor with any relevant information e.g. emergency evacuation procedures. The school secretaries / Caretaker / Headteacher will ensure this is done. (NB This will need to be carried out in term time and in school holidays)

Cardiff Council's Health and Safety Policy on the Management of Contractors applies to all contracts let by the Council and LEA maintained schools and is recommended to non LEA maintained schools.

The Maintained Schools Partnership Agreement states that Governing Bodies will "work within Cardiff Council's or, where appropriate, the Welsh Government's approved Contractors Policy and ensure that contractors have been assessed in accordance with the authority's or, where relevant, the Welsh Government's, procedures."

A contractor means any contractor, supplier or provider with whom the Council enters into a contract for the carrying out of Works, provision of Services or the supply of Goods. The Health and Safety Executive defines a contractor as "anyone you get in to work for you who is not an employee."

Work activities carried out by contractors for Cardiff Council include, but are not limited to construction work, grounds maintenance, maintenance and servicing of buildings and equipment (e.g. lifts, boilers, electrical equipment, photocopiers, etc.), cleaners, caterers, training providers, locksmiths, skip hire, taxi services, furniture removal and storage and any external consultancy services.

A 'contract' means any form of agreement (including, without limitation, official purchase orders) for the supply of Goods, (where this Policy applies), provision of Services or carrying out of Works.

The 'client' is the officer or Directorate / Service Area or individual school who authorises the carrying out of work, provision of services or supply of goods by a contractor.

The 'competent officer' is the person designated by the Directorate / Service Area or individual school to ensure compliance with health and safety duties and implementation of this Policy. The person must, in respect of the contract concerned, have appropriate knowledge, experience, skills and relevant training, and awareness of their own health and safety technical limitations.

The 'contract manager' is the person managing the contract. It may or may not be the 'competent officer'.

Ysgol Mynydd Bychan uses Facilities Management (FM) Building Services and/or Education Service Schools Organisation Planning (SOP), or Projects, Design and Development (PDD) when building work is undertaken at the school.

For work organised by FM, SOP Officers or PDD, the management of the contractors is managed by FM, SOP or PDD. They will liaise with the school and will ensure liaison between contractors on site.

When the school engages contractors directly, (i.e. acts as a client), the school is responsible for the management of the contractors. This includes selection of contractor, assessment of competency, meetings with the contractor, exchange of information, vetting of contractor information, management of the contractors on site, compliance with the Construction (Design and Management) Regulations 2007 (as appropriate) and post contract review.

In Ysgol Mynydd Bychan the 'competent officer' for managing contractors employed directly by the school, is the Headteacher or Mrs Elaine Robinson and Mrs Lynda Pennar (School secretaries)

If the DSE assessor has a problem, they should seek advice from the Health and Safety Adviser/s after carrying out an initial, recorded assessment. If it is necessary for medical advice relevant to the DSE issue to be provided in a medical report, the individual employee should be referred to the Occupational Health Service by the Headteacher.

'Users' of display screen equipment are made aware of their entitlement to free eyesight tests and, if appropriate, glasses. The eyesight tests are undertaken by Specsavers, Queen Street, Cardiff, Albany Road, or Penarth. All staff must request an eyesight test through the Council's Shared Admin Service Desk on the Council's Intranet site.

The completed assessment forms are sent to the Headteacher for recommendations to be actioned and are also retained by the Headteacher.

The school has a Fire Risk Assessment (FRA) which was carried out by the Area Planning Officer (Martin Burrows / Nasir Shathur) . This is undertaken every 3 years by an Area Planning Officer, unless there are changes in use or layout of an area, in which case the FRA is reviewed at the time of the change. A copy of the FRA is kept in Secretaries Office. The FRAs are reviewed annually by the school.

The date of the last FRA was ????????

A Fire Risk Assessment for the kitchen is carried out annually by Richard James, Catering Services (?????). Every year, the FRA is reviewed by Headteacher, who has received training in the Fire Risk Assessment Review on March 2015..

Fire evacuation drills are carried out every half-term and the dates are recorded within the fire log book. Staff feedback sessions are held to discuss the evacuation and whether it can be improved in any way.

Fire action notices are displayed conspicuously in every classroom and also at various locations so that everyone knows what to do in the event of a fire or other emergency.

Designated assembly points are located at the rear of the back yard of the school.

All members of staff are responsible for ensuring the fire escape routes are kept free from obstructions.

Smoke control doors are not wedged open, and if held open by means of electromagnetic devices, these are regularly maintained.

Fire fighting equipment is located throughout the school. It is inspected by a Tremorfa Fire Alarms.

The fire alarm system is inspected by a competent person from Tremorfa Fire Alarm Systems.

The emergency lighting system is inspected by a competent person from Tremorfa Fire Alarm Systems and the caretaker.

The fire alarm is function tested once a week by the caretaker using a different call point for each test.

The emergency lighting is function tested once a month by the caretaker using a different test switch for each test.

The inspections and tests of the fire alarm and emergency lighting systems are recorded in the fire log book. The inspections of the fire extinguishers are recorded on stickers on the extinguishers.

The Fire Log Book is located in the Main Office.

The Evacuation Procedures for the school are displayed in prominent locations

A Standard Evacuation Plan (SEP) is available and is displayed in the main reception area. This outlines the fire evacuation procedures for visitors with a disability.

If a pupil or member of staff has a disability which requires them to have assistance in evacuating the building, then a Personal Emergency Evacuation Plan (PEEP) will be completed.
